Article XI – Conference/Divisional Alignment

Section A Football (8/16)

The Cloverbelt (16 schools) and Marawood (12 schools) voluntarily formed three football only conferences for the twenty-seven teams sponsoring the sport. The Cloverwood conference was designed to provide comparable competition for schools participating in WIAA Divisions 6 & 7. The original design of the three leagues is Marawood- 9 schools, Cloverbelt- 9 schools, and Cloverwood-10 schools. With the departure of Pittsville in 2017, the Marawood has only 8 schools. Schools (27) in any of the three conferences may apply for membership in one of the other conferences by following these procedures:

1. A written request signed by the school administration must be made by Jan. 30 of an odd numbered year in order to be honored for a two-year pair of schedules beginning with the next even year. Example- requests by 1/30/09 will be for the 2010/2011 schedules.
2. Although requests must be based on the September enrollment of the current year, geography may be a consideration.
3. Marawood and Cloverbelt members will be surveyed to determine if another school volunteers to trade places with the applicant(s).
4. The design of the three conferences shall not change without WIAA re-alignment. Thus if no volunteer is found, in order to honor the applicant request to change conferences, a logical replacement school must be identified by the applicant, based on enrollment and geography. All 27 schools will vote on the same motion to honor the request by switching the conference affiliations of the schools (applicant and replacement) involved.

Only if the same motion passes at both the Cloverbelt and Marawood Conference meetings will a change be made. Similar to other

conference membership affiliation items in their respective constitutions, a 3/4 majority vote in each conference is necessary for passage.

Section B North/South Divisions (non-football) (9/16)

If a school(s) wishes to evoke a change in the current alignment or individual school(s) divisional placement, the following must occur:

1. A written request must be made to the Marawood Conference Administrative President citing the request, reason for the change/move placement to another division and proposed implementation date.
2. Upon receipt of a proposal, the Marawood President will place the proposal on the next Marawood Conference administrative meeting agenda.
3. The requesting school(s) must present their proposal to the Marawood administrative group for discussion only.
4. Voting on the proposal will not take place until a minimum of two months has passed from the date the proposal was presented to the administrative group.
5. Any change must be approved by a majority 2/3 vote of the Marawood Conference administration (one vote per school district).
6. Divisions for Volleyball, B/G Basketball, Softball, Baseball and B/G Track are: North- Abbotsford, Athens, Chequamegon, Phillips, Prentice and Rib Lake; South- Assumption, Auburndale, Edgar, Marathon, Newman and Stratford.

ART SHOW GUIDELINES

As of 1/4/17

- 1. Introduction-** The Marawood Conference Art Show was begun as a way to recognize the art students within the conference with an award that befits the efforts and abilities they demonstrate in the art they create during the academic year. The host school for the event will be rotated within the conference every year to make sure it is fair for each school to be the site/host for the event. The cost of the show will then be the responsibility of the host school for that event. Easels are housed at Marathon School District and can be utilized for the show. Tablecloths are also available from Marathon, but each school will also want to supplement this supply to ensure each school has a covered table with a black tablecloth.
- 2. Guidelines-** Each conference high school art teacher may enter up to 12 artworks that display the best efforts of their student body for that academic year. These artworks may be 2-dimensional or 3-dimensional. There is no size restriction to the artworks; however, each teacher is responsible for transporting their artworks to the host school to ensure that the artworks arrive at the site without damage. A student may have more than one artwork entered into the show from their district. Each teacher is also responsible for sending, via email, a list of artworks with the names /grades of the students, title and dimension of artwork, and school district name. This form is sent from the host school coordinator to each teacher to make sure that there is a standard format.
- 3. Formatting artwork-** Each 2-dimensional artwork should be at least matted for the event. If the items are framed, Plexiglas is preferred, but if framed by student, glass is allowed with the understanding that damage is not the responsibility of the schools or conference. Three dimensional work does not need format or platform, unless the student provides.
- 4. Day of the Event-** The date of the show will be in spring. The host school will provide a handful of dates to the other participants, and a date will be picked that works best for attendance. Depending on the location of the show, typical start times for the show/in-service day will be around 9am to allow teachers to travel from their home district to the host site. At the site, a room will be set aside to organize

the artworks for judging by the art teachers. There should not be any identifying marks on the artworks prior to judging. Arrangement of the artworks will also be at random to ensure that the teachers don't know which school each piece is from. During the morning session, the teachers will then vote for 10 of the best artworks that they deem to be the strongest, most creative, innovative, and well-executed. Before the day of the event, it is important to attain 10 all-conference award medals from Mr. Mark Lacke or current Marawood Conference director. Once the top 10 are chosen, the host teacher will print award certificates to be given out during the evening awards ceremony. Participation certificates will then be the responsibility of each district teacher when they get back to their schools. In-service topics/speakers will be organized by the host school teacher, with input given by all participants. Previous topics have been: standards-based grading, Educator Effectiveness in the arts, and lesson exchange/share-out. After lunch and in-service information, the teachers will then organize the artworks by school district, making sure to label each from the lists they provided the host teacher.

5. **Art Show for the public**- The host school will then allot time from approximately 3:15-6pm for students, parents, and conference community members to view the show, with refreshments served in the style of a gallery exhibit. At 6:30, the awards ceremony takes place to announce and honor the all-conference winners. The show will then get packed up and the art teachers will make arrangements for pick-up of works before week's end.
6. **Press release**- The host school should make sure that the area newspapers get information about the conference art show, as well as making an announcement to each school for district social media sites. Once results are in, make sure that they are released as well to the local news/social media.
7. **Free of liability**- Neither the host school, nor Marawood Conference, is responsible for any damage to the artwork(s) during transportation to, from, or during the art show.
